MUSICAL TO BENEFIT SARAH TAYLOR

A benefit show, "SONGS IN HISTORY" under the direction of Rebecca Carwile of Rustburg, will be presented on December 8th, 1978 at 7:30 p.m. in the Appomattox County High School Auditorium. Tickets will be $2.50 for adults and $1.50 for children 12 years of age and under. Proceeds will go to little Sarah Browning Taylor, the victim of aborted crib death.

Among the many talent participants in this show, two local girls, Charlene Lawson, left above and Cindy Thomas, right will be performing in numerous numbers.

If you like music, whether it's songs of Broadway, Country and Western, The Roaring Twenties, World War I or World War II, then don't miss this show. Help yourself to an evening of delightful entertainment and help a little girl fight for her life.

Buckingham County Family Presented Outstanding Young Farmer Award

NORFOLK - Mr. and Mrs. Henry Wood of Buckingham County were presented the Outstanding Young Farmer Award for 1979 during Wednesday's November 29 activities of Virginia Farm Bureau Federation's Annual Convention.

The three day meeting which is being held at the Omni International Hotel in Norfolk, closed on Thursday, November 30.

The Wood's who manage a large hog operation and raise corn and grain crops on their Buckingham County Farm, were selected from seven Outstanding Young Farmers competing in the state wide contest. Engaged in farming for twelve years, they currently operate on 600 acres of land, 315 of which they own.

The Wood's were presented a plaque by VFB President Robert B. Delano and the Outstanding Young Farmers for 1978, Gordon and Brenda Metz. They will attend the American Farm Bureau Convention in Miami, Jan. 15-18, where they will compete in national competition for Outstanding Young Farmers.

"They are exceptional candidates," said Elaine Grigsby, Director of the Young Farmers Program for VFB. "I think they stand an excellent chance in competition at the national convention."

Judging for the Outstanding Young Farmers Award is based once series of criteria including goals, management practices, community endeavors, and committment to farming.

Judges for the event included Biff Johnson, upper south editor for the Progressive Farmer; Herb Clay, pastor President of the Virginia Farm Industry Equipment Dealers; and Mr. and Mrs. David Sink, ABS Outstanding Young Farmers for 1978.

Henry and Dixie Wood are parents of three children.

MISS WHITE'S 4-H CLUB

Met on November 16, 1978. Martha Haley called the meeting to order. David Hendricks led us in pledge of allegiance and Anne Hancock led us in the 4-H pledge.

We played games. We played artist in the dark and played lost child. Then April Archer read the minutes. Then we talked about 4-H projects.

This weeks 4-H program was on Christmas Creative Crafts.

Then we talked about Christmas gifts.

Then Martha Haly adjourned the meeting.

ELECTRICAL Facts & Fancies

Removing light bulbs to save electricity may result in increasing a building's use of scarce oil or natural gas. That's because a lighted bulb is an effective heat generator—so during the heating season removing light bulbs can add a load to the heating system.

That's one of the reasons why a new plan to modify lighting, heating and cooling systems is so important for conserving energy, says the National Electrical Manufacturers Association. This plan, called Total Energy Management (TEM), is an energy conservation approach based on the premise that to effect energy savings in buildings one must make the building's systems as efficient as possible. And the plan is flexible enough to let a building owner or manager work out a program that's right for his specific building. In so doing, a building manager counts the total energy consumed rather than the separate elements.

Before the TEM handbook was distributed widely, its program was tested on commercial buildings in Philadelphia. The before-and-after savings on energy were dramatic—and could be even more so on a nationwide basis.

Of Interest To Veterans

The Roanoke Veterans Administration Regional Office today reminded veterans contemplating the purchase of a mobile home that VA's loan guaranty program has recently been changed to help them with their benefit in this.

"Statutory loan maximums have been eliminated for mobile homes and mobile home lots," VA said. "Now, a loan of up to the reasonable value of a mobile home and/or lot can be guaranteed. The maximum guaranty is $17,500 or 50 per cent of the loan, whichever is less." VA also pointed out that the recent Congressional action streamlining the guaranty program also increased the maximum length of some VA mobile home loans to 15 years, 32 days, from 12 years, 32 days.

"The Congress has also approved legislation reducing the active duty time required for Vietnam Era veterans to be eligible for VA home loan benefits," VA said.

Eligibility formerly required at least 181 days of active duty time. This has been cut to 90 days, with at least one day having been served between August 5, 1964, and May 7, 1975. This brings eligibility requirements for Vietnam Era veterans in line with those for World War II and Korean conflict veterans," VA said. About 168,000 veterans are affected nationwide.

VA said any veteran interested in the loan guaranty program may obtain complete information at the nearest VA office or from any service officer of one of the national veterans organizations.

DECK THE HALLS

Deck the halls with boughs of holly . . . and try to make light of those holiday spills and splatters. If it's your turn to entertain family and friends this holiday season, don't let accidental spots and stains spoil the fun and festivity of the occasion. With a little spot removal know-how, clean-ups of both washable and dry-cleanable items can be quick and easy.

The most important rule to remember is that a spot is easiest to remove if it's treated immediately. Before laundering any items, be sure to read the manufacturers' washing instructions. Most common spots will respond to a treatment of Spray 'n Wash® laundry soil and stain remover. Just spray the pretreat directly on the spot, wait 60 seconds, and launder normally. For extra-tough spots, try another spray and washing.

Many spots and stains on dry-cleanable items—including upholstery, drapery, and rugs—can be removed with K2r® Spot-lifter. Just apply it to the spotted areas, let dry to a fine white powder, and then brush the powder and the soil away. (Check the effect of any spot remover in an inconspicuous place before attempting to remove a spot from a non-colorfast fabric.)

Marriages in the United States are on the increase; however, women are waiting longer to wed—their average age at marriage is now over 21 years. According to a recent poll, three out of four women say marriage and children are among the most important elements they need for an ideal life.

HINTS FOR HOMEOWNERS

Snow Thrower Safety

Don't let the snow freeze out your fun. A snow thrower can clear a path to a clean yard. Here are some tips on how to use a push-type model from experts at the Outdoor Power Equipment Institute.

TESTING—Make sure to test your machine — attachments, safety devices, controls — before loading for the snow.

1. Become thoroughly acquainted with the owner's manual before you start the engine.
2. Test your machine and become familiar with it before you attempt to use it.
3. Adjust the height to clear gravel or crushed rock surface.
4. Never direct discharge chute at bystanders or allow anyone in front of the machine. Debris is sometimes hidden in the snow.
5. Keep machine in good operating condition and keep safety devices in place.
6. Never remove guards or shields.

If you use common sense and follow prescribed safety precautions, snowfalls won't leave you out in the cold.

Mrs. Evelyn Ford presents Mrs. Nemanek with gift in appreciation for the nice discussion she presented to the club.

November Club Meeting Held

The November meeting of the Appomattox Junior Woman's Club was held Tuesday, November 28th, at the Farmers National Bank, Triangle Plaza Branch.

Guest speaker for the evening was Theresa Nemanek, a clinical psychologist, who has worked for the Mental Health Services (which serves the counties of Appomattox, Amherst, Bedford, and Campbell) for the past seven years.

She presented an interesting program on Erickson's theory on the psychological phases of development that occur throughout our life. A question and answer session was held following her discussion.

Concord Garden Club

The November meeting of the Concord Garden Club was held in the home of Mrs. Douglas Crowther with Mrs. Kelly Webb as co-hostess.

Mrs. Crowther gave devotions for the meeting.

It was noted that nine of our club members attended on November 4 the Home Show, "Autumn Reflections," presented by The Little Garden Club of Gladys in the home of Mrs. Terrell Connelly. Also it was reported that four from our club attended the District meeting on October 24.

An invitation from the Appomattox Garden Club was extended to our members to attend their meeting on Monday, November 27 at 7:30 p.m. and hear Mrs. Russell Johnson of Bedford explain how Madonnas can be used in arrangements.

The Concord Garden Club Covered Dish Dinner and Christmas Party is to be on December 11 in the home of Mr. and Mrs. Donald Johnston in Concord.

The program for the day was cornshuck flowers and Mrs. Helen Shouse of Timberlake gave demonstrations and gave the explanations.

Inflation-Fighting FOOD IDEAS — HELPFUL TIPS

Savor The Flavor Of Vegetable Spaghetti Sauce

With bountiful supplies of all kinds of vegetables, it seems a good time to "cook-up" some vegetable main dishes. Here's one called Caponata that originated in Italy. First cousin to the French ratatouille, it uses eggplant and zucchini as the main ingredients. Hot with spaghetti, or cold as an appetizer or salad, the slightly sweet-sour taste is terrific. The secret in this particular recipe is using a packaged spaghetti dinner which has all of the basic ingredients in one box; spaghetti, a rich spaghetti sauce which adds extra flavor, plus grated cheese. Not only is this sauce delicious on spaghetti as a main dish, it's a real money saver too.

LA CAPONATA

1 large eggplant or 2 small ones, cut into 1" cubes
1 medium zucchini, sliced
1/2 cup olive or salad oil
1/2 teaspoon salt
1/4 teaspoon pepper
2 medium onions, sliced
1 clove garlic, minced
1 package Chef Boy-ar-dee® Complete Spaghetti Dinner w/Meat Sauce
1/2 teaspoon basil
2 tablespoons capers, drained
2 tablespoons pine nuts or slivered almonds
8 pitted black olives, sliced
8 stuffed green olives, sliced
2 tablespoons sugar
1/4 cup wine vinegar

Sauté eggplant and zucchini, a few pieces at a time in hot oil. Remove pieces as they are cooked and place in a flameproof casserole (heavy skillet). Sprinkle with salt and pepper. Now sauté onions until soft, but not brown. Add garlic and Spaghetti Sauce with Meat, basil. Cover, simmer for 15 minutes. Add to vegetables in casserole. Add remaining ingredients; cover and cook over low heat for 20 minutes. Capanota should be thick, but not too dry. If it gets a little too dry, add a little hot water.

Cook spaghetti according to package directions. Drain; toss with grated cheese from package. Serve hot capanota over cheesed spaghetti. Serves 6-8.

Tea has twice as many calories as coffee—two as compared to one.

Albert Carter Receives Outstanding Member Award

Albert Carter, instr. of vocational agriculture at the Appomattox County H. S., has been recognized as the Outstanding Young Member for the State of Va. in an announcement made this week by the National Vocational Agricultural Teachers Association in convention in Dallas, Texas. The award sponsored by the U. S. Steel Corporation is awarded each year to an instructor of vocational agriculture who has taught for at least three years, but not more than five, in each affiliated state organization.

Carter has been an active member of the Virginia Vocational Agricultural Teachers Association for the past five years. He has served as vice-president and president of the Southside area group; participated in the "Ideas Unlimited" contest for two years, served as chairman of two state committees for the VVATA, and served as member of the State Executive Committee for two years.

As an instructor of vocational agriculture, he has conducted a complete program of instruction. He has organized and conducted an evening class and farm machinery repair class at Pamplin for the past four years, aided in the young farmer and school community canneries and taught classes in agricultural science and mechanics, agricultural production, and ornamental horticulture to in-school youth. He has been the only instructor in the area of horticulture, which he developed in the year 1973.

The FFA judging teams that he has coached have been winners in federation, state, and national contests. A recent win was the FFA crops team, which won first place in the State in June of 1978. In addition the chapter that he serves as advisor has been recognized as one of the best chapters among the more than 8,000 such chapters across the nation.

Albert has both a bachelor and master of science degree from VPI and SU. He holds membership in Alpha Zeta, Phi Kappa Phi, Phi Delta Kappa and Gamma Sigma Delta fraternities. While in high school he was the National FFA Public Speaker winner.

He is married to the former Joan McWhirt of Richmond and they have two children; Jason and Jennifer.

Emmerson of Charlotte County plays Orpheus's father, and Mrs. Avril Legnlader of Pamplin plays Eurydice's mother. Vincent, the lover of Eurydice's mother, is being played by Bill Woods of the Longwood College English Department. Marshall Jones Jr. plays the role of the mysterious Monsieur Henri.

Other featured players are George Bennett as Monsieur Dulac, Roger Strong as the theatrical manager, Buddy Bourne as the station waiter, Barbara Wood as the cashier, Leon Young as the Clerk, and Laura Stever and Diana Wright as the two girls in the theatrical company. Bob Bailey is Mathias, the young man who is also in love with Eurydice.

Benjamin W. Emerson, technical director for the Department of Speecy and Dramatic Arts, designed the railway station set. Assisting Mr. Young in the directing is Vicki Mann, and the stage manager for the production is Linda Kulp.

General admission for the production is $2.50 with students admitted for $1.00. Longwood College students are admitted free upon presentation of their student identification cards.

"Legend of Lovers" To Be Presented By Longwood Players

Legend of Lovers, a bittersweet love story by French playwright Jean Anouilh, will be presented December 8-9 by the Longwood Players and the Department of Speech and Dramatic Arts in Jarman Auditorium. Curtain time for each performance is 8 p.m.

The play is a mix of reality and fantasy and is Anouilh's contemporary version of the famous Orpheus and Eurydice legend in Greek mythology. This modern Orpheus and Eurydice meet in a provincial French railway station and fall in love at first sight. Orpheus is a guitar player who works the cafes with his father, while Eurydice is an assistant with a third-rate acting company. Until they meet, their lives are bankrupt as they wander from one cafe and theatre to another. But the happiness of Orpheus and Eurydice is destined to last only one beautiful day before fate and the world around them force them to part. The reunion of the lovers at the end of the play is a part of fantasy, but not a part of their lives.

Legend of Lovers is the second production of the season by the Longwood Players and is being directed by Douglas M. Young. The play features Sue Clift as Eurydice and Ken Neimo as Orpheus. Henry Lynchburg, daughter of Mrs. Totty assisted the Fergusons in caring for the guests.

A host of friends and relatives were in attendance and Mrs. Totty received many lovely gifts.
